Language Arts: Monday we begin our next unit. The main text of study is The Most Beautiful Roof in the World. We are excited to be learning from a non-fiction text that is written as a narrative. At the end of the quarter, our students will be creating eBooks about rainforests. This unit is a nice compliment to our science unit where we will be studying Ecosystems.

Science: This week we will focus our attention on the components of an ecosystems. Students will discover how plants and animals are interconnected. We will have a quiz on the first 3 concepts of the ecosystem on Friday, Nov. 20.

Students will also be assigned a Biome Project. This project is paced specifically to be worked on during the remote learning days we have starting this week and going until mid-December.

Math: As we continue with fractions, we will turn our attention this week to dividing fractions with whole numbers. Students will be drawing models to demonstrate their thinking and writing equations to support these models.

Important Dates

- **Nov. 18th**- Remote Learning Day
- **Nov. 20th**- PTA Spirit Night w/Buzzy Bakes Cakes
- **Nov. 23rd**- Remote Learning
